## EXPERIENCE

### **Covid Viz Team** — *Data Analyst*

2020

Worked on several projects with international reach. Gathered data, performed analysis on data, and created visualizations.

## EDUCATION

### **Carnegie Mellon University**, — *Information Systems*

2022- 2024

Student at the prestigious Carnegie Mellon University majoring in Information Systems. Taking the following coursework:

- Fundamentals of Programming
- Introduction to Psychology
- Reasoning with Data
- Information Systems Milieux
- Interpretation and Argument
- Dietrich College First Year Seminar

## PROJECTS

### **Game of Sets**

I wrote a game in Python called Supersets. The aim of the game is to find a set of cards with the same attributes on all cards or completely different attributes. The attributes on the cards can be different shapes with different colors, shading outline and counts. The matching set has to be found in four tries with two lifelines.

## SKILLS

Python programming

Data Science

Website Design

## AWARDS

American Fine Arts Festival  
Gold Award
